Golf for ALS - Charity Event

Once a year, the chapter host a funding raiser for the local ALS Association to help our community in fighting this horrible disease. Also known as Lou Gehrig disease, this disease affects the nerve cells in the brain and spinal cord, effecting the motor skills and eventually leads to death. As a individual suffers through the deterioration of the nerve cells, their is a loss of motor skills which leads to a very challenging and painful way of life. The ALS Association is an American nonprofit organization that raises money for research and patient services, while promoting awareness about this horrible disease. Motor neurons reach from the brain to the spinal cord and from the spinal cord to the muscles throughout the body. The progressive degeneration of the motor neurons in ALS eventually leads to their demise. When the motor neurons die, the ability of the brain to initiate and control muscle movement is lost. With voluntary muscle action progressively affected, people may lose the ability to speak, eat, move and breathe. The motor nerves that are affected when you have ALS are the motor neurons that provide voluntary movements and muscle control. The ALS Association assists the victims of this diseases consultation, clinical care, family services, equipment and adoptions; resources and referrals; education and outreach.

As you can read this organization does a lot and needs our help. We are blessed;
maybe this is a way we can share a little of what we have with an organization that is fighting everyday to make the lives better for people with the disease.

The Event

This outing will be a "best ball" golf event and is open to everyone.

Will include golf, food, drinks, and plenty of opportunities to win prizes while supporting a great cause.

Special Note: During the event we will be adhering to local regulations and the CDC's recommendations by social distancing and wearing mask. The Chapter is committed to providing safe and clean environment.

So come on,

Although we plan to have a lot of fun at this event and it should prove to be a good social / networking time, but we're after your money to support this great cause.

It's great to be part of something; part of a great cause that helps people in need.

So come on out and help us raise some money for this great cause. We're counting on you, (and your friends).

Michael Spach
President, IIBEC Mid-South Chapter
